

# ADMINISTRATION OF FIRST AID POLICY

---

## Mandatory – Quality Area 2

### PURPOSE

This policy will provide guidelines for the administration of first aid at .

### POLICY STATEMENT

#### 1. VALUES

is committed to:

- providing a safe and healthy environment for all children, educators, staff and others attending the service
- providing a clear set of guidelines in relation to the administration of first aid at the service
- ensuring that the service has the capacity to deliver current approved first aid, as required.

#### 2. SCOPE

This policy applies to the Approved Provider, Nominated Supervisor, Certified Supervisor, educators, staff, students on placement, volunteers, parents/guardians, children and others attending the programs and activities of , including during offsite excursions and activities.

#### 3. BACKGROUND AND LEGISLATION

##### Background

First aid can save lives and prevent minor injuries or illnesses from becoming major ones. The capacity to provide prompt basic first aid is particularly important in the context of an early childhood service where staff have a duty of care and obligation to assist children who are injured, become ill or require support with administration of medication.

Legislation that governs the operation of approved children's services is based on the health, safety and welfare of children, and requires that children are protected from hazards and harm. The *Education and Care Services National Regulations 2011* state that an Approved Provider must ensure that at least one educator with current approved first aid qualifications is in attendance and immediately available at all times that children are being educated and cared for by the service.

##### Legislation and standards

Relevant legislation and standards:

- *Child Wellbeing and Safety Act 2005* (Vic) (Part 2: Principles for Children)
- *Education and Care Services National Law Act 2010*: Sections 167, 169
- *Education and Care Services National Regulations 2011*: Regulations 87, 89, 136, 137(1)(e), 168(2)(a), 245
- *National Quality Standard*, Quality Area 2: Children's Health and Safety
  - Standard 2.3: Each child is protected
    - Element 2.3.2: Every reasonable precaution is taken to protect children from harm and any hazard likely to cause injury
- *Occupational Health and Safety Act 2004*
